

Finance and Accounting KnowledgeCenter™

Upgrade the skills of your finance and accounting professionals

In today's fast-paced corporate environment, enhancing the skills of your finance and accounting professionals is essential. Yet simply providing learning resources isn't enough – finance and accounting professionals must be enabled to learn how they want, when they need it most.

Your workforce is your single biggest investment, making it imperative that your team gets the information it requires in a way that matches the urgency of the need.

Skillssoft's Finance and Accounting KnowledgeCenter enables hands-on learning, providing more than just best in class courses and books – it introduces an array of resources designed and chosen to challenge and motivate every learner on your team. This one-stop portal allows your learner access to a diverse array of information, including articles, courses, video-rich vignettes and online books specifically chosen by Skillssoft's subject matter experts to facilitate learning regardless of skill level. But, more than that, the Finance and Accounting KnowledgeCenter includes resources to support any path, from beginner to advanced.

The Finance and Accounting KnowledgeCenter provides resources for:

- Employees new to finance and accounting
- Employees currently working in finance and accounting
- Employees focusing on specific finance and accounting skills

What is a KnowledgeCenter?

A Skillsoft KnowledgeCenter is a single interface where your professionals can receive instant and ongoing skill development and performance support, including the following:

Reference Area	Learners can view selected or all Books24x7® titles that pertain to a specific subject or Search & Learn® all assets in the KnowledgeCenter.
Featured Topic	Refreshed monthly, Featured Topic includes recommended reading on finance and accounting, course spotlights on specific instructional topics within finance and accounting and an expert-reviewed exercise designed to test skills learned.
Learning roadmaps	Learning roadmaps are based on a user's proficiency within a discipline and include a variety of learning resources including courses, books, and other assets.
External links	Guidance to external, relevant resources to complement skills learned and offer ongoing reference material.
Business Impact	Business Impact Series is a set of concise, video-enhanced vignettes depicting common workplace scenarios.
Challenge Series	The Skillsoft Challenge Series provides interactive, engaging case studies focused on problem discovery and analysis that challenges learners to consider and balance multiple solutions.
Targeted books collection	Subject-matter experts hand pick books that complement the learning roadmaps and provide moment-of-need support.

A solution for everyone

KnowledgeCenters enable users to access the most accurate learning asset that meets their most pressing need. Consistently updating essential finance and accounting skills will ensure continued success in a competitive, fast-paced business environment.
